

## Electronic Giving Option

The option for electronic giving is now available at The Church of the Annunciation. Electronic transfers provide for automatic deductions from individual bank accounts in the same way that many people are already paying their cable, heating, or mortgage bills. For those who still wish to put something in the basket when it is passed -- or who may want to reinforce for their children the concept of donating to the Church - a colorful card is available in the back of church each Sunday.

**BE A GOOD**  
*Steward*

After a lot of research, Annunciation's Finance Council chose Adirondack Bank as the company that is the best fit for our parish based on service, security, recommendations from other

parishes, cost, and ease of administration. The sign-up is easy and those people who are currently using this option have not had any issues with the program. Information packets are available in the back of church or from the office. For more information feel free to contact any member of the Finance Council or Colleen Russell at the office - 894-3766 -- or by e-mail at [achurch@twcny.rr.com](mailto:achurch@twcny.rr.com).
